

PART 1: Write down your PICS (You must state at least 2)

P^{assions}

What would you get out of bed for in the morning if money wasn't an issue?

- Helping others through creative problem-solving and innovation, especially in technology.
- Learning new things and sharing knowledge to empower others.
-

I^{nterests}

What are you most curious about?

- Advancements in AI and machine learning.
- Exploring the intersection of technology and human behavior.
-

C^{auses}

What keeps you up at night?

- Ensuring technology is used ethically and inclusively for all.
- Environmental sustainability and how technology can contribute to solving climate challenges.
-

S^{trengths}

What is your superhero power?

- Adaptability: I can quickly learn new concepts and apply them to problem-solving.
- Communication: I explain complex topics in a simple and relatable way.
-

PART 2: Write down your Personal Mission Statement (by completing each of the statements below)

1. My personal mission is...

My mission is to use my expertise in technology and communication to create innovative, ethical, and inclusive solutions that empower individuals and drive positive social change. I am committed to lifelong learning, personal growth, and helping others reach their potential through accessible and impactful technological advancements.

2. My key strengths are...

Adaptability: I learn quickly and can adjust to new challenges and environments with ease.

Problem-Solving: I have a strong analytical mindset, which helps me break down complex issues and find practical solutions.

Communication: I can clearly explain complex ideas in a simple and relatable way, making it easier for others to understand and engage with technology.

Empathy: I value relationships and strive to understand people's needs, which helps me create solutions that truly benefit them.

3. I pledge to further my development in...

- **Leadership Skills:** I want to further develop my ability to lead teams and projects more effectively.
- **Time Management:** Balancing multiple responsibilities and projects while maintaining focus is something I aim to improve.
- **Networking:** Building a broader professional network to exchange knowledge and collaborate on meaningful projects is an area I'd like to strengthen.

4. My core values as a leader are...

Integrity: Acting with honesty and transparency in all my decisions and actions.

Inclusivity: Ensuring that my work creates opportunities for everyone, especially those often left behind in the digital age.

Growth: Committing to continuous self-improvement and encouraging others to do the same.

Ethical Innovation: Using technology responsibly and ensuring that my contributions benefit society rather than harm it.

5. I pledge to advance society's greater good by...

by leveraging technology to create innovative, inclusive, and ethical solutions that empower individuals, promote equity, and foster sustainable progress. I will use my skills and influence to bridge digital divides, uplift marginalized communities, and ensure that technological advancements benefit all while remaining committed to integrity, empathy, and continuous personal growth

6. I have chosen this personal mission because...

I am choosing this mission statement because it reflects my passions and professional ambitions. I believe technology is one of the most powerful tools for driving societal progress, but only when used responsibly and inclusively. This mission allows me to stay aligned with my core values while making a meaningful contribution to the world. It also provides me with a clear sense of purpose as I grow both personally and professionally, helping me remain focused on the positive impact I wish to create.

PART 3: Reflect on your Skills Map (by completing each of the statements below)

On a scale of 1 to 4, how much effort have you put into your ALX studies over the past week? (1= very little effort, 4= huge amount of effort):

4

On a scale of 1 to 4, how satisfied are you with how much you have learned in the past week? (1= not at all satisfied, 4= extremely satisfied):

4

How much do you agree with the following statement: “The knowledge and skills I have learned in the past week will serve me in the workplace.” (1= completely disagree, 4= completely agree.):

4
